Posted:	12 months ago	**Closing Date:**	May 03, 2023
ES Job ID:	14025	**Location:**	Cochrane
Sector(s):	Skilled Trades	**Duration:**	N/A

Job Description:

The activity of GreenFirst Forest Products is rooted in the forest! For us, well-managed forests really make sense for our business, our communities, and the environment. We have a deep connection to Canada's forest lands and sustainability. If this commitment to the environment and Canada's forests resonates with you, come join our team.

Position: Electrician
Location: Cochrane, ON

GreenFirst is looking for an electrician to work within a team to perform maintenance on electrical and/or instrumentation and
control systems, install repair, modify, and troubleshoot industrial equipment for electrical/electronic distribution and control
(power and domestic).

Commitment:
- Live up to GreenFirst's values, principles, and guidelines.
- Bring an open and cooperative attitude to your job, contributing to our positive work environment.
- Comply with all health, safety, and environmental standards, as well as applicable regulations and laws

Responsibilities:
- Perform electrical work as required: installing, repairing, troubleshooting, testing, and analyzing equipment.
Three shifts rotation schedule.
- Remain consistent with the maintenance department classification guidelines
- Read and interpret electrical code specifications, blueprints, and circuit diagrams
- Conduct preventive maintenance programs on electrical equipment
- Complete appropriate paperwork, machine/panel documentation, and preventative maintenance records
- In emergencies make temporary or permanent repairs to minimize interruption of production
- Assisting on other duties to support the maintenance team to meet department requirements
- Maintain a clean, safe, and organized work environment

Required Skills:

- Graduate of an Electrical Engineering Technology program or equivalent
- Valid Electrician License Construction & Maintenance (C&M) 309A or an Industrial Electrician 442A
- Must have good communication and leadership skills
- Must be able to read and understand electrical prints
- Able to set priorities and work with minimum supervision
- Strong computing and troubleshooting ability

- Teamwork and self-starting work ethic
- Knowledge of Lockout: Isolation and de energization of all energy sources for the work area.
- Sawmill experience is an asset
- Bilingualism is an asset (French and English)
- Familiar with PLC troubleshooting and programming

How to Apply:

Please send your resume and cover letter to: careers@greenfirst.ca

We thank all who apply but will only be contacting those selected for an interview.

GreenFirst Forest Products is an equal opportunity employer. We are committed to providing accessible employment practices that are in compliance with the Accessibility for Ontarians with Disabilities Act (AODA). If you require an accommodation for disability during any stage of the recruitment process, please indicate this in your application. GreenFirst Forest Products is strongly committed to inclusion and diversity within its community and welcomes all applicants including but not limited to: visible minorities, all religions and ethnicities, persons with disabilities, LGBTQ
persons, and all others who may contribute to the further diversification of ideas.
